DELEGATES REPORT ON STATE MEETING

Other Merchants May Close Half Day on Wednesday During Summer

WILL MEET HERE

Committees Named to Investigate Various Matters by Retail Merchants' Bureau of Chamber

A called meeting of the Retail Merchants Bureau of the Alexandria Chamber of Commerce was held last night.

Report was made that the dry goods and clothing merchants of the city were generally in favor of closing their stores at 1 o'clock on each Wednesday during the months of July and August. That a number of grocery merchants were also in favor of doing this and the following committee was appointed to circulate a petition among the grocery merchants:

C. C. Brawner, J. D. Matter, Maurice Parker and C. T. Hellmuth.

The matter of the coming Chautauqua was then discussed and as so many letters have been received from parties living in the country regarding this matter and stating that they expected to attend, it was decided that special inducements in the way of leaders would be extended, one article to be used as a leader by each store on that week, and the following committee was appointed to arrange with the Alexandria Gazette for the advertising of same:

Messrs. R. F. Downham, C. B. Swan, L. Ruben.

An interesting account was given by Messrs Knight and Ruben, who were delegates to the recent State Convention of Retail Merchants at Richmond. The State Convention has accepted an invitation to hold their next annual meeting in this city. This meeting will be held during the month of February as it was decided that merchants could leave their places of business to attend the convention better in that month than in an other.

The matter of condition of streets and lightning in East Rosemont was brought up and Gorman Ridgeley was appointed a committee of one to investigate conditions and report to the bureau.

A general discussion was held regarding the importance of changing the appearance and dress of store windows and the importance of frequent changes was strongly emphasized.

A general discussion of idlers congregating in front of store windows and obstructing a view of some was then held and it appeared that several members were having trouble of this kind. R. E. Knight, chairman and R. Stuart Royer, Business Manager, were appointed a committee to look into this matter.

On account of the heated term the regular meetings for the months of July and August were called off and the meeting adjourned subject to the call of the chair.

TO DIE IN ELECTRIC CHAIR

William Walters, Who Killed Grocer to Take Girl to Dance Convicted

New York, July 8.—William Walters, nineteen years old, who was convicted of the murder of Leo Rubin, a grocer, on the testimony given by his sweetheart, May Berry, sixteen, was sentenced yesterday by Judge Rolaski to die in the electric chair.

Walters shot Rubin on March 29 in an attempt to rob the grocery store in order to get money to take his sweetheart to a dance. He was arrested a few hours later. While he was in the Tombs prison awaiting trial an attempt was made by his sister, Margaret, May Berry and a trusty in the prison to enable him to escape. The two girls were arrested, however, just as they were handing a package of hacksaws to the trusty.

At the trial May Berry broke down and admitted that Walters had confessed to her that he had committed the crime. In view of his sweetheart's testimony, Walters refused to enter any defense.

Boil City Water

Owing to the inconsistancy of the sanitary quality of the city water, recently developed, there is a certain element of danger in using it for drinking purposes.

The Superintendent of the Alexandria Water Company informs me that on or before July 20th the filtration plant will be in operation, which will no doubt, eliminate the present danger.

As a measure of safety, I, therefore, advise the people to boil all water to be used for drinking purposes, until filtered water is turned into the mains.

I have today inspected the filtration plant of the Alexandria Water Company, and find the company is doing everything possible to hasten the work of completing its filtration plant.

LOUIS E. FOULKS,
Health Officer.

THE RETURN FLIGHT

R-34 Will, it is Expected, Leave Mineola Some Time During the Night

Roosevelt Field, Mineola, N. Y., July 8.—The R-34 will start on her return flight to Scotland some time between midnight and 8 o'clock Wednesday morning. The original plan was to start early Tuesday morning, but the need for a thorough overhauling of the motors forced the abandonment of that plan.

In the meantime the big dirigible is closely watched tonight because of the thirty-mile wind sweeping over the field. It is expected that the wind will increase in velocity before morning, and there is grave apprehension lest the great fabric be torn from its moorings. The ripping of of the outer envelope earlier in the day as a result of sudden expansion of gas under the rays of the rising sun has shown the necessity of closer attention to the movements of the trans-Atlantic flyer.

An invitation to visit the dirigible is to be extended to President Wilson on his arrival in Hoboken tomorrow, but it is feared the President will not be able to accept in view of the great pressure of public business awaiting his attention in Washington.

T. J. FANNON ADDS TO WOOD AND COAL BUSINESS

As seen elsewhere in the Gazette, Thomas J. Fannon, local coal and wood dealer, has expanded his business to include the sale of lime, cement and plaster, in addition to his regular coal and wood business which will receive the same attention given it during the past score years.

Mr. Fannon has secured the agency for the "Fairmont" Wall Plaster, hydrated lime and agricultural lime, and is representing the "Security" Portland Cement people. The "Fairmont" goods have been used extensively by contractors and private builders throughout Virginia while "Security" cement was handled for many years by a well known local dealer up to the time he retired from business just a short time ago.

FILTERATION PLANT NEARING COMPLETION

The new Filtration plant of the Alexandria Water co., is expected to be in operation about July 20th.

We are introducing the maximum amount of chloride and using all possible precautions under existing conditions to safeguard the water supply after consultation with the City Health officers as a precautionary measure we feel it advisable to urge our consumers to boil their drinking water until the filtration plant is completed.

ALEXANDRIA WATER CO.
161-3c.

In compliance with a request made by the Merchants' Association, we will close every Wednesday at 12 o'clock during July and August.
161-3p. Shuman's Bakery.

Butter at Wholesale Prices

Country butter 55 cents per pound fresh eggs, star hams, 12 lb. sack good flour 85c phone 567W J. E. Purcell, 117 South Henry Street.
160-3p.

WILSON AGAIN ON AMERICAN SOIL

President Reaches Hoboken Today on George Washington

ROUSING RECEPTION

Will Reach Union Station, Washington, at Ten O'clock Tonight—Big Ovation Planned.

President Wilson walked down the gangplank of the George Washington at Hoboken, N. J., this afternoon, when a round of receptions in his honor were started that will be continued until his arrival in Washington tonight at 10 o'clock in Union Station.

With twenty-one guns firing the Presidential salute. Mayor Griffin and the commissioners of Hoboken escorted the party through the street in fifty automobiles to the Lackawanna ferry where boats were waiting to transport the party to Twenty-third street, New York.

Upon arriving in New York city the President was met by Gov. Smith and Mayor Hylan. Vice President Marshall, Secretary Baker and Secretary Daniels, together with members of the Cabinet and the Congress, with their families, went down the bay on the Dreadnought Pennsylvania to welcome the Presidential ship. After making a short speech at Carnegie Hall the President took the train for Washington.

An impressive welcome will be given the long-absent Chief Executive when he arrives at Union Station tonight. As he comes through the gate, he will pass under an arch of laurel and between a double line of young women, symbolizing the forty-eight States, the nations of the world, and the fifty heralds of peace. The line will lead directly to the President's reception room, where committee will meet him.

DROWNED SAVING COUSIN

Former Eckhart Woman Loses Life In Bathing Rescue

Cumberland, Md., July 8.—Mrs. Richard Hartman, aged 24 years, formerly Miss Grace Rictor of Eckhart, was drowned while bathing at Derby Beach, Shelton, Conn. Miss Dora Kelly Eckhart, who was visiting her, had gone out too far and called for help.

In going to her aid, Mrs. SHarta who was considered a good swimmer, lost her life. It is thought she was ccught by the undertow. She left Eckhart about 10 years ago. She is survived by her husband, one child and four sisters.

CHAUTAUQUA OPENS NEXT SATURDAY

Varied Program of Entertainment Planned By League of Neighbors

URGED TO BUY TICKETS

Sale of Season Tickets Will Be Discontinued at Noon Saturday—Chautaugua Here A Week.

Saturday will mark the launching of Alexandria's first real Chautauqua and the program provides a variety of music, entertainment and splendid organization. There are six matinee and six night features making twelve entertainments, each of which is well worth the price of a season ticket. To purchase single tickets for each performance would mean an outlay of six dollars yet all can be seen and enjoyed by an adult at two and one-half dollars or by a child between the ages of six and fourteen at one dollar. Season tickets, while no two persons can attend at the same performance, are transferable and the lady of the house can use the ticket at the matinee and the husband at night or any one of their friends. Cheap, isn't for a series of guaranteed good shows? Well now, lets get down to business. Thirty citizens guaranteed that Alexandria should have this feast of song and amusement by pledging each $50.00 toward its success, the amount to be paid by each of them in case $1500 worth of tickets were not sold. Up to this time with the amount of publicity that has been given it, the sale of tickets has not come up to expectation, so it is up to every citizen to buy a season ticket of those having them to sell and thus assure Alexandria a Chautauqua every year hereafter, and the following have these tickets to sell:

War Camp Community Service, Chamber of Commerce, Alexandria National Bank, Citizens' National Bank, First National Bank, Burke & Herbert Bank, Mrs. Taylor Burke, Mrs. R. Bluemenfeld, Miss H. Cummings, Mrs. A. Dreifus, S. B. Fowler. Miss Lucy Graves, Mrs. James Hulfish, Mrs. T. C. Howard, R. S. Jones, R. E. Knight, H. D. Kirk, Miss M. Lindsey, Mrs. McDonald, Miss Rose McDonald, C. T. Nicholson, S. W. Pitts, Mrs. Wm. Reardon, Mrs D. R. Stansbury, New Southland Cafe, Mrs. R. P. Whitestone, B. Weil, W. A. Moore, Jr., Kenneth W. Ogden, A. W. Devers, Bradley Irwin, A. Sharp, W. S. Bowen, J. C. Winterwerp, G. S. Woods, Wm. G. Simpson, Gardner L. Boothe, Monticello Cafe, L. Ruben, Mrs. A. J. Pohl, Mrs. J. L. Perry Mrs. C. B. Swan, Harry Hammond A. D. Brockett, Mrs. L. Bendheim Wm. Desmond, Richard Gibson, B. Wheatley, Frank Warfield.

You will be the looser if you do not take advantage of the purchase of one or more of these tickets and the sale of these positievly closes at noon Saturday, after which if you want to attend you will have to pay the single admission price.

Child's Chautauqua Ticket Hunt

This novel and enjoyable stunt is to take place on Thursday morning July 10, and all youngsters between the ages of 6 and 14 are to meet at 10.30 promptly at Lee School where the conductor of the hunt, Mr. Templer, assisted by Mrs. T. C. Howard Mrs. Stansbury and Mrs. Dreifus will arrange for a search for six junior season tickets, which will be hidden and each one finding a ticket will be entitled to use it free during the tire Chautauqua. Remember the day and date, children, and be there promptly for the sport.

MASONIC NOTICE

There will be a call communication of Andrew Jackson Lodge, No. 120, A. F. and A. M., at the Masonic Temple Wednesday evening July 9th, at 7:30 o'clock to confer the F. C. and M. M. degrees. All Master Masons are invited. By order of the Worshipful Master.
160-3c. J. E. Alexander, Secty.

STANDARD GASOLINE 25c

Open evenings and Sundays, Alexandria Auto Supply, 104 South Washington street. 149-tf

YOUTH IS SHOT BY COLORED MAN

Russell Hawes, 14, Shot In Left Leg Last Night

ASSAILANT ESCAPES

Affair Took Place Near Cameron and West Streets—Police On Trail of Gun Toter.

Russell Hawes, fourteen years old, son of Mr. and Mrs. Albert L. Hawes of 405 North West street, was shot in the left leg about 10 o'clock last night while near the corner of West and Cameron streets

The lad claims the shot was fired by a colored man. According to Hawes there were two men together and one pulled out a pistol and snapped it at him several times and the weapon failed to explode and it is claimed that a second colored man then declared "This will go off" and pulling out a pistol fired at Hawes.

Following the shooting the man fled. The police have the name of the suspect and his arrest is expected hourly.

Following the shooting Hawes was taken to the Alexandria Hospital and the wound dressed by Dr. M. D. Delaney and afterward removed to his home and treated by Dr. E. A. Gorman.

SEEK CONFESSION

Frederick County Md., Police Grill Man and Woman

Frederick, Md., July 8.—Frederick county officials yesterday are grilling Mrs. Bertha Pittinger, 22 years old, and Arthur Wilson, 44 years old, of Johnsville, Frederick county, in an effort to obtain from them a confession to the alleged murder of William Pittinger, husband of Mrs. Pittinger, who was found dead at his home last Monday with his skull crushed and a bullet wound in his abdomen.

Mrs. Pittinger and Wilson were arrested Friday after an autopsy had been performed. At first the head wound was not noticed, but suspicious circumstances which came to the authorities' attention led to the exhuming of the body. Mrs. Pittinger and Wilson both denied any knowledge of how the skull was fractured. It was reported at first that Pittinger had shot himself, but there were no powder marks to indicate close range.

Mrs. Pittinger said she found her husband dead in bed. The authorities who went to the house found the doors locked and all the windows nailed down. Later the front door key was found hidden under a flower pot at the front of the house. This fact led to further investigation which convinced the police that Pittinger had met with foul play.

Rumors that Mrs. Pittinger and Wilson have been good friends for some time urged the authorities on. It is likely that the accused will be given a hearing before Justice Johnson in Frederick on Wednesday.

IN MEMORIAM

In sad but loving remembrance of our dear daughter and sister, LULU BELEW, who departed this life one year ago today, July 8, 1918.

In all this world, in haunts most rare,
We find no one like daughter;
Her arms outstretched with loving care,
She clings as does no other.
How we have missed her none can tell,
Oft have our eyes been wet
Our daughter whom we loved so well
We never can forget.
She has gone where the soul hath rest,
And the cares of life are done,
Where the ones who loved her best,
May meet her one by one.
We miss you from our home dear daughter,
We miss you from your place,
A shadow over our life is cast,
We miss the sunshine of your face.
Gone but not forgotten,
By her father and mother,
Mr. and Mrs. Thomas Hall.

SPECIAL ELECTION SEPTEMBER 23

To Determine on Change in Present Form of City Government

BIG VOTE EXPECTED

Order For Election Fixed by Judge Brent Today—Original Date Was July 22.

A special election for the purpose of deciding whether or not Alexandria desires to adopt a new form of city government will be held September 23.

A date for the special election was fixed upon by Judge S. G. Brent in the circuit court for this city The plan provides for what is known as the council-manager plan as set forth in section C of the acts of the general assembly of 1916.

Some time ago the court issued an order calling the election for July 22. This order later, however was set aside by the court owing to the fact that it was not advertised at least, thirty days previous to the date fixed upon for the election.

Considerable interest being manifested over the coming election It is generally believed that a larger vote will be polled in September than if the election held July 22 as originally planned This because of the fact that July 22 a large number of the qualified voters of the city will be the city on their vacation.

SHOOTS WOMAN TO DEATH

Fires Upon Automobile Party Fails to Obey Order to Stop

Newport News, Va., July 8. Edward J. Shafer, of Willian Va., was shot and almost instantly killed yesterday afternoon, when a sentry at Camp Alexander fired into an automobile in which she, her children and her husband were riding, in an attempt

Private Nicholas, Twelfth Infantry, is charged with murder. He says he ordered the machine to halt when Shafer turned into a side street in the camp which was closed to visitors. Shafer did not obey, and the guard fired at the car, he says, and the bullet struck Mrs. Shafer in the back, narrowly missing one of her children.

Shafer says he did not know the street was closed to visitors and that he did not hear the guard's command to halt. Mrs. Shafe's home where she was in Buffalo, N. Y., where the body will be sent for burial.

DECISION TO TRY KAISER

Paris, July 8.—In a secret conference just before peace was signed at Versailles, Premier Lloyd George won the consent of his associates in the "big four" to have the former kaiser tried in London.

This positive statement obtained last night from an authoritative source, clears up at least the mystery that has shrouded the circumstances leading up to the British prime minister's flat announcement in the commons last week.

No minutes were kept of the discussion of the former kaiser question, and this is accounted for as the reason why Secretary Lansing and all other American peace officials were struck with the utmost surprise when they saw the news from London, President Wilson, the only American initiated in the decision being by that time on the high seas.

LAWN PARTY

We would be glad to see some of our friends at the lawn party on the rectory lawn of Pohick Church Wednesday night July 9th. Proceeds to assist in meeting expenses of lighting plant, etc. 161-2p.

The regular semi-monthly meeting and smoker of Alexandria Council No. 627, Royal Arcanum, will be held in Pythian Hall, 321 Cameron street, on Tuesday evening, July 8, 1919, at 8 o'clock. All members are requested to attend.
160-2c. J. E. Alexander Secty.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mr. and Mrs. Lewis L. Lyles have gone to Atlantic City for two weeks.

City Council will hold its regular semi-monthly meeting at 8 o'clock tonight.

Miss Mary A. Rambo has returned from an extended trip through the north.

Miss Marion Thomas has returned to her home in Queen street after a visit to friends and relatives in Remington, Va.

Capt. C. Keith Carlin has been appointed commissioner of accounts in the corporation court in place of E. B. Taylor, deceased.

Corporal John T. Curtin, who for the past fourten months has been overseas, has returned and is now at Camp Merritt, N. J.

A marriage license was issued in Washington yesterday to Charley O. Bailey, of Washington, and Flora O. Sheads, of Alexandria.

Officers of Shaw Memorial Chapel, Alfored A. Hawkins, treasurer; P. [illegible] White, financial agent.

Harvey Williams who recently underwent an operation at the Alexandria Hospital, has returned to his home in King street, much improved.

The members of the recreation [illegible] of Lee School will meet their leader at the school ground at 9 o'clock tomorrow morning and go on a hike to the country.

Mrs. Alice Rebecca Shepherd, sixty-seven years lod, died yesterday at her home at Accotink, Fairfax county. She is survived by her husband, Frank Shepherd.

Bryan Pitts has sold to Hugh [illegible] house 1000 Prince street, also to Mrs. Mary B. Yates 1002 Prince street. Deeds of [illegible] were recorded today.

Liberty Rebekah Lodge of Odd Fellows No. 16, will hold a meeting at 8 o'clock tonight at Odd Fellows Hall when the newly elected officers will be installed. Afterward refreshments will be served.

As will be seen by a news item elsewhere most of the retail stores in the city will close promptly at 1 o'clock tomorrow afternoon. This schedule will be maintained every Wednesday during July and August.

The body of Mrs. Annie Taylor, who died in Altoona, Pa., was brought here today and buried in the Presbyterian cemetery. Services were conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South.

August W. Machen, a resident of Washington since 1893, a public accountant, died in that city Saturday and his funeral took place today from St. Paul's Catholic Church that city. The deceased was well known in Alexandria where he was a frequent visitor. His wife, four daughters and a sister and three brothers are living.

A mass meeting will be held at 8 o'clock Thursday night in the War Camp Community Service Club at which time it is announced a permanent organization will be effected of mothers of the men who served the colors during the recent war. All mothers whose sons served are invited to attend.

The Susquehanna, Pa., Transcript says: "At the meeting of the honorably discharged soldiers, sailors and marines called recently by Lieutenant Walter L. Miller, as organizer for this county, a local Post of the American Legion was established in this place. The name given to the post is the John C. Strider Post, in honor of the first Susquehanna boy to lose his life overseas." (John C. Strider was an Alexandrian by birth, son of John H. Strider, at one time President of the Common Council of this city.

MR. WILSON'S RECEPTION

A little over fifty-eight years ago a Baltimore and Ohio Railroad train was making its way to its station in Washington. It passed through what was then known as "Swampoodle." There was a quiet and thoughtful man among the passengers, who attracted but little attention among his fellow travelers, although the eyes of the nation as well as those of other climes had been fastened upon him several months. While not literally incognito, he was creeping into the capital unannounced. After the train came to a stop the man who had attracted so little attention entered an old-fashioned omnibus and was driven to the old Willard Hotel. Half a dozen or more persons were standing in front of the hostelry when the vehicle stopped, among whom was William H. Seward, who during the four years civil war played a conspicuous part in the history of the United States. He recognized in the tall and bony figure Abraham Lincoln. The newly-elected President shook hands with the man who had been his greatest political enemy at the nominating convention in Chicago. A few days later Lincoln made him Secretary of State of the new administration.

Lincoln was inaugurated President a few days later, and the awful cloud of 1861-1865 settled over the land.

As stated, the train passed over the bridge at "Swampoodle," the most uninviting section of the District of Columbia at that tme. What a revelation it would have been had any one whispered to the war President that the time was coming when that neighborhood would be a great residential center of Washington, and that a magnificent union passenger station would adorn the locality, where his successor in the Presidential chair would be received by thousands and at a time when the American executive would be hailed as the saviour of freedom to the world.

The Illinoisan, while absent in the flesh, may be present in spirit when Woodrow Wilson reaches the Union Station tonight, and contrast the present executive's entry into the capital with that of his own the latter part of February, 1861.

Lincoln ever looked to high heaven for his inspiration and guidance. The first night he spent in Washington was one of prayer. A man whose room adjoined that of Lincoln in the old Willard Hotel says he could hear him throughout the night invoking his Creator to be as considerate toward him as He was with Solomon. Lincoln asked not riches or power, but that he might be made worthy to preside over the country in an acceptable manner and given wisdom to meet any emergency which might arise.

Our present executive is also a man of faith. He, too, is conscious of the fact that the Most High rules in the affairs of men.

Benjamin Disraeli in one of his books propounds the following query, "And what are we more than puppets in the hands of a master wirepuller?"

WHY IS IT THUS?

While the war was in progress Alexandrians, like other Americans, expected to suffer some inconvenience incident to scarcity of the necessaries of life, and when cards had to be procured in order to purchase limited quantities of sugar there were no complaints or murmurings. But the war has been virtually over during the past six months, and most people can see no good reason why prices should continue so high or why there should be a scarcity of sugar at a time when preserving is in evidence.

It has been suggested that the law of supply and demand seems to have been repealed, but probably that is not quite true; more probably the sellers of the necessities of life have found means of temporarily circumventing it, or evading it. In the course of time it will be in full force and effect.

The Department of Agriculture is somewhat disturbed over the price of meats. The supply is large, but hogs have advanced above $22 and beef has come down only four or five cents in six weeks. The department is going to investigate and find out if the supply is controled in an effort to hold prices, which is probably the case.

There is plenty of raw sugar, but refined sugar is high in price and not very abundant in the hands of distributors. Exportation is going to be stopped for a while in order to improve the domestic distribution. But with enormous amounts of raw sugar, and the Government not buying for 4,000,000 soldiers, normal supplies and prices of the refined ought to prevail.

German production of sugar has gone off 1,200,000 tons, and the price has trebled; but this only indirectly affects us. The Cuban production up to May 31 was 4,000,000 tons or over, which was the largest production on record. On January 1 the United States reserve supply was 752,000 tons, which was twice the amount of the reserve a year earlier. Indications from the beet sugar factories and fields are that the production will be 30 per cent greater than last year. Evidently there is no lack of sugar. The amount of shipping coming into service now should make it possible to transport sugar from Java.

POE'S DREAM REALIZED

The Baltimore Sun of April 13, 1844, contained the followng:

The Atlantic has been actually crossed in a balloon! And this, too without difficulty—without any great apparent danger—with thorough control of the machine—and in the inconceivably brief period of 75 hours from shore to shore."

This statement appeared in the introduction of an article written by Edgar Allan Poe, which was recognized immediately as an amiable hoax—It now becomes a statement of almost exact fact, the only difference of importance being that while Poe's flying ship took a little more than three days for its voyage, the British dirigible R-34 used four and one-half days. After 75 years science has caught up with the poet's imagination.

The New York Sun says the adventure which was completed at Roosevelt Field early this week was even more thrilling than the tempest borne flight of Poe's little airship. Instead of having the winds to help it, as his gas bag had, the victorious dirigible had to contend with contrary gales and shortage of fuel. But ill luck has only added glory to the feat, just as contention against misfortune made more golden the performances of the Navy-Curtiss seaplanes and the biplane of Alcock and Brown.

The call for destroyers to come and stand by, the despairing decisions, happily withdrawn, to land at Cape Cod or Montauk Point, these show what a battle the dirigible had and how well its crew fought on. Once they had reached the Canadian coast their own personal safety was pretty well assured, but they struggled to save the ship itself, which could be safely moored only at a prepared place. This spirit, that of the seaman in its highest form, is what makes great air captains.

GREWSOME FACTS

While comparatively few serious accidents have occurred in Alexandria since the advent of the automobile, narrow escapes from smashups are in evidence almost daily. Two machines came together at the intersection of Wilkes and Fairfax streets late yesterday afternoon which resulted in minor injuries to both cars. Fortunately no one was injured.

Many thoughtless or inexperienced people operate automobiles. Children are often seen at the wheels of fast running machines. Pedestrians in crossing streets should be careful, as these modern flyers come upon us suddenly and noiselessly.

The Washington Herald in this connection calls attention to the fact that in Philadelphia the other day Mrs. Carrol S. Fraser was sentenced to jail for four months for running down Miss Emma Wissman and injuring the young woman so seriously that she will be marked for life.

The testimony showed that on August 22, 1917, Mrs. Fraser, who is the wife of a man of some wealth, was driving an automobile at a high rate of speed. At Thirty-ninth and Walnut streets she lost control of the vehicle and it ran up on the sidewalk, struck Miss Wissman and knocked her down. Her hair caught in the wheel and she was dragged along the pavement and cut and bruised terribly.

It was also shown that Mrs. Fraser refused at first to take Miss Wissman in the car to a hospital, when at last prevailed upon to do so, she sat in the hospital office and acted boisterously while the surgeons were dressing the injured woman's wounds.

Miss Wissman sued and got a verdict for $16,430, but never has been able to collect a cent. Mr. Fraser, in order to avoid payment, having disposed of the accident insurance he carried on the car and also having sold all properties he possessed which might be attached. Unable to get pecuniary damages the young woman pressed the criminal charge. The same day the Fraser woman was sentenced there was one person killed and twenty-eight injured in automobile accidents in Philadelphia In New York the automobile toll in deaths and injured approximates 8,000 a year. The toll in the whole country probably is between 50,000 and 100,000 a year.

In Washington seventy persons have been killed by traffic accidents thus far this year?

Travel afoot has become perilous not only in cities, but in towns and even on country roads.

As our contemporary says, an automobile is a locomotive in miniature. No one would permit any person but a well trained engineer to handle a locomotive, yet children, boys and girls from 12 to 20 and men and women of all ages and pecularities are allowed to drive cars in crowded thoroughfares without regard to their ability, their temperament or their condition.

MAY INCREASE TAXES

Additional Revenue of Nearly $2,350,000 to be Derived From Plan Proposed by Good Roads Association

Richmond, July 8.—That the general property tax will be increased from 3 cents on the $100 to 15 cents and automobile licenses will rise 50 per cent, when the Legislature takes action in August in the matter of matching Federal appropriations for Virginia roads, is the generally accepted opinion of those who take an interest in this question.

It is estimated that a 15-cent general property tax and a 50 per cent increase in the tax on automobiles will net the State approximately $2,350,000 of additional revenue annually. This will just about match the Federal appropriations of about $5,000,000, extending over a period of two years. Any deficiency it is pointed out can be easily made up in special appropriations.

It is not thought the special session will last longer than two weeks, unless extraneous matters, having no bearing upon the roads question, are brought up and pressed for action.

It is pointed out that the taxes fixed at the special session will be levied and collected for the year 1919 a year sooner than would be practicable had the matter of roads legislation been left over for the regular session of 1920.

FORMER KAISER

Holland Soon Will Be Asked to Surrender Ex-German Ruler

London, July 8.—The Allies have not yet made any official representation to the Dutch Government regarding the extradition of the Former German Emperor, but necessary steps are being taken in the matter, Andrew Bonar Law, Government spokesman, declared in the House of Commons yesterday. Mr. Bonar Law's statement was made in reply to a question of a member.

Answering a further question as to whether any unofficial communication had been sent to the Dutch Government, Mr. Bonar Law said: "I would rather say not."

Another member then asked. "Is the spokesman for the Government aware that nobody particularly wants the ex-Kaiser to be brought here?"

This question was received with cheers.

Copenhagen, July 8.—Field Marshal von Hindenburg, former chief of the German Staff, has written Marshal Foch appealing for his support of efforts to prevent the extradition of the former German Emperor. Von Hindentung offered also to place his own person "fully and absolutely at the disposal of the Allied powers."

My bid for your business is based on an appeal for at least a trial. Tutt loves to see his cigars burn.

GIRL KILLED IN CRASH

Several Other Washingtonians Seriously Injured Yesterday Afternoon

Baltimore, July 8.—Miss Maura Blanchard, of Washington, was killed yesterday afternoon and several other persons were injured when an automobile in which they were riding crashed into a tree, throwing the occupants of the car to the ground. The accident occurred seven miles beyond Ellicott City. The party was returning to Washington.

Miss Blanchard, who is said to have been employed in Child's restaurant in Washington, was thrown with great force against the tree. Her skull was fractured and both legs and her left arm were broken.

William H. Macklin, of the Raleigh Hotel, who was driving the car, was cut about the arms and badly bruised.

Miss Helen M. Wilson, of Wilmington, Delaware, was cut about the face and arms.

Others in the car were Miss Lucille Merkle, 408 Sixth street southwest, Washington, and Harry R. Martin.

Macklin drove the car into the tree while endeavoring to dodge an auto truck.

Dr. John W. Hebb, of West Friendship, was soon on the scene. He ordered Miss Blanchard removed at once to a hospital, but she died twenty minutes later.

WILL FIGHT FOR HIS LIFE

Insanity Plea Will, it is Said, be His Plea—Senator New's Statement

Los Angeles, July 8.—Harry S. New will fight for his life—but only for his mother's sake, he said yesterday. He employed an attorney, and insanity is expected to be the defense when the man who claims to be the son of United States Senator New, of Indiana, is arraigned on a charge of slaying Frieda Lesser, his fiancee.

The name of Senator New will be brought before the court, it was indicated last night by the slayer's lawyer. (Possibly no legal case has before presented so complex a problem. Alienists who prepare the hypothetical question upon which will be predicated the defendant's insanity will, it was stated by New's attorney, refer with elaboration to his birth and the influence which knowledge of his birth has had upon him.

A defense without this element, it is admitted would be extremely weak.

Developments yesterday clearly brought out that the first story told by New will be the one for the jury to hear, that is, that he shot his fiancee because she had told him she was going to evade motherhood.

Harry S. New, United States Senator from Indiana made the following statement relative to his connection with Harry S. New, Jr., who shot Frieda Lesser in Los Angeles, Cal:

"I have just this to say concerning the deplorable matter: More than thirty years ago, when I was in my twenties and unmarried, I knew Mrs. [illegible]. There was never at any time any question of marriage between us. Conditions arose which I did not care to dispute, which resulted in my doing everything in my power to make amends then and later. Whatever I did in that direction was of my own accord and neither my father nor anyone else had anything whatever to do with it. The affair was ended about thirty years ago. Since that time the people of my home city are the best judges of what my life has been. I never have shirked any responsibility that has come to me, and I never shall."

RECEIPTS HALF MILLION

Complete Check on Big Fight Receipts Will Probably Be Known Tonight.

Toledo, Ohio, July 8.—Official check of the total gate receipts and attendance of the Jack Dempsey-Jess Willard heavyweight championship contest is expected to be completed before tonight, Tex Richard, promoter of the match, announced yesterday.

Rickard said he would be "considerably surprised" if the gate receipts exceeded $500,000.

Erroneous rumors persisted yesterday that Willard was dead, or dying, from the effects of the punishment Dempsey gave him. Newspaper offices were besieged with telephone calls from Cleveland and other Ohio cities as a result. One report was that the dethrone champion had died from a bursted blood vessel. Another unsupported report was that he had gone insane.

NC-4 WILL BE PUT ON EXHIBITION

New York, July 8.—The naval seaplane NC-4, which negotiated the first trans-Atlantic flight, was towed to a Hudson River pier today for overland transportation to Central Park for exhibiton. It is estimated the work of knocking down and reassembling the parts will require a week.

The ship will remain in the park a week and then will be sent to the Smithsonian Institution at Washington as a permanent exhibit.

"The Salt of the Earth"

A Vital Reconstruction Message to Americans by THOMAS E. GREEN

Dr. Green returns to the Chautauqua platform after as vital a government war service as has been the privilege of but few men to render to their country. Because of his familiarity with the lecture field and his great executive ability, Dr. Green was made Director of the Speakers' Bureau of the American Red Cross. He had the direction of the various speaking campaigns of this organization under his charge. One of the few "headliners" in American history, Dr. Green has been in constant demand as a speaker in all of the great war drives and has responded with his usual telling addresses. His most recent government service was in the Victory Loan drive. By special request of the Secretary of the Treasury, Hon. Carter Glass, he was loaned by the Red Cross to become the Director of the Speakers' Bureau in the Victory Loan campaign. When that was over he resumed his other work with the Red Cross.

And this year he comes to you with a new lecture, moulded especially for the critical period in which the American nation finds itself at this time, the Reconstruction period after the great war. "The Salt of the Earth" is the title of this vital address. It deals with a subject of great import to the American people as a whole, but it is of peculiar significance to the audiences which Dr. Green will address on Chautauqua.

Make a special effort to hear Dr. Green. An uncommon man with an uncommon message.

ALEXANDRIA CHAUTAUQUA JULY 12-18

The Vigor of Swift & Company Continues Only Because of Service

The only "control" over the packing industry is the "control" that gathers about the ability to do a necessary job in the best way.

Swift & Company has reached a leading place in the industry because the size and character of the job of providing a nation's meat require the wide and thorough organization, the experience and devotion to duty, found in an institution like Swift & Company.

The moment Swift & Company ceases to perform its functions of usefulness with the greatest efficiency and satisfaction to the people, its position in the industry will vanish.

Swift & Company service is performed at a profit of a fraction of a cent per pound.

Let us send you a Swift "Dollar". It will interest you.

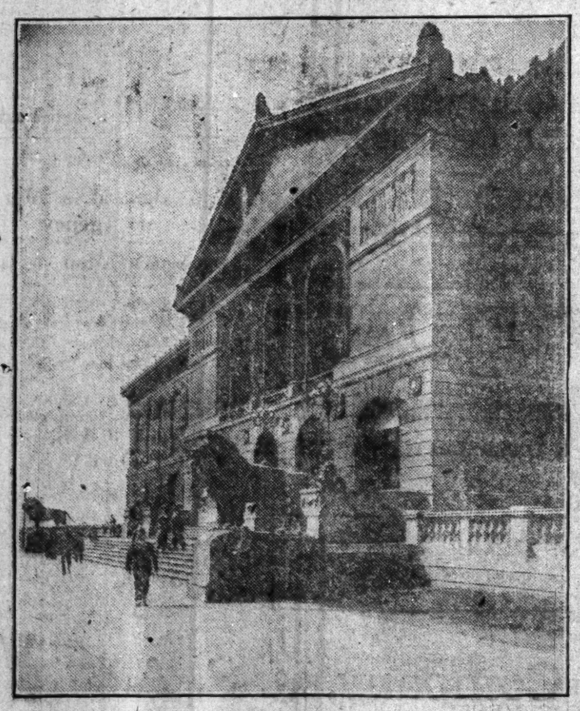
"Dollars and Sense For Your Town"

A Timely Lecture At Chautauqua by ROSS CRANE



THE ART INSTITUTE OF CHICAGO

"Ross Crane" is a name to conjure with in Chautauqua and Lyceum circles. Chautauquans will remember with pleasure his talks in past years illustrated by artistic drawings and modeling in clay. This year he comes with a bigger lecture and a bigger subject. He will talk on "Dollars and Sense for Your Town." Mr. Crane is the head of the Extension Department of the Art Institute of Chicago and is popularly known as the "Evangelist of the Better Homes Movement."

Collier's Weekly said of Ross Crane and his lectures on community development: "An artistic genius, who can make good as an entertainer, in competition with the movies, ... and give sound and constructive comment at the same time. He is always ready and always manages to hitch his propaganda to every-day life. A lucky man, whose fight for civilization involves no destruction."

SEARCH FOR NEGRO FIEND

Thirteen Suspects Arrested—They Will be Brought Before Victims Today

Search for the negro fiend who assaulted Miss Mary Saunders and two other women near Washington last week resulted last night in the arrest of thirteen suspects. So closely do five of the men taken into custody answer the description of the assailant that police are confident one of them is the guilty man. Today the three victims will view the prisoners in an effort to identify the man who attacked them.

All night long patrolmen and grim visaged citizens patrolled the streets of the city and posses of policemen and members of the Home Defense League beat the brush in the outlying districts.

Bent on a lynching to avenge criminal assaults on white women in the District of Columbia and Maryland, a party of thirty residents near Edgemore, Md., last night held a 19 year old colored youth named Cavanaugh with a noose threateningly near until he established beyond a doubt that he had no connection with the incidents.

Unable to give any reason why he was running on Eastern avenue early yesterday morning, a negro, who gave his name and address as Tony Jones, 19 years old, 1242 E street, Washington, is held in the Eastern Police Court, of Baltimore, as a suspect of being implicated in the attack on Miss Saunders.

LIBERTY GOLDFISH

Jersey City Man Breeds Red, White And Blue Finny Member

Jersey City, July 8.—The war brought us Liberty potatoes in place of German fried and Liberty cabbage in place of Sauerkraut and now a resident of this city has invented Liberty goldfish to take the place of German carp.

W. F. Heddin is the producer of this new member of the finny tribe and he denies the report that it is the result of crossbreeding of red snappers, bluefish and starfish, but he admits he may try that later for large sizes. He says all he did was to sort of juggle red, brown and black goldfish.

The new patriotic fish has a red body, white fins and a stripe of blue along the upper part of the side and along the back.

Try a Gazette classified ad.

AUSTRIAN GOLD TO PAY FOR WAR

Paris, July 8.—Austria must pay thirty million in gold, the reparational clauses, now completed, provide, according to l'Intransigeant.

Czecho-Slovakia, by the treaty with Autsria, is required to meet one half of this total, and the Poles and Jugo-Slavs who belonged to the former Hapsburg empire also will have to pay a certain percentage of the total, it is learned.

The allied and associated powers, it is further stated, will advance money to Austria to enable her to exploit her national railroads and the ex-imperial properties for the benefit of her creditors.

PALE FACED WOMEN TAKE PHOSPHATES TO MAKE ROSY CHEEKS AND BEAUTIFUL FORMS

Men Need Phosphates to Make Strong, Healthy, Vigorous Bodies

Atheletes increase their strength, energy and endurance 200 per cent or more by simply taking a few weeks treatment of Argo-Phosphate

Atlanta, Ga.—Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritable, worn out, or looks haggard and pale to make a strong, robust, vigorous healthy body, as they are to cotton to make it grow. The lack of Phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate tablets will increase the strength and endurance of weak, nervous, care worn men and women 300 per cent. in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim vigor, and vitality to the whole body. I always prescribe Argo-Phosphate to patents who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy cheeked beauty.

There can be no rosy cheeked, healthy beautiful women, without their system is sufficiently supplied with Phosphates. In recent interviews with physicians on the grave and serious consequence of a deficiency of Phosphates in the blood of American men and women. I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo-Phosphate for weak worn out, haggard looking me nand women. When the skin is pale, and flesh flabby, it is a sign of anemia. When the phosphates go from the blood, the pink cheeks go too. The muscles lack tone. They become nervous, irritable, despondent, melancholy, the brain fags, and the memory fails. Therefore if you wish to preserve your youthful vim, vigor and vitality, to a ripe old age, you must supply the deficiency of Phosphates lacking in your food by using Argo-Phosphate, the form of Phosphates recommended and prescribed by physi most easily assimilated.

NOTICE—Argo-Phosphate which is recommended and prescribed by physicians in all anemic cases, is not a secret or patent medicine, but one that is sold and recommended by well known druggists everywhere, and physicians are daily prescribing the constituents contained in it. Being entirely unlike many other Phosphates, it is easily assimilated and will be found effective in the treatment of indigestion and stomach troubles, as well as for care worn, nervous conditions. The manufacturers of Argo-Phosphate will forfeit to any charitable institution $200. if they cannot treat any man or woman under 65 who lacks Phosphates, and increase their strength and endurance from 100 per cent. to 300 per cent, or more in one month's time, if they are free from organic trouble. It is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

MISS WELTHY HONSINGER.

Vivid Lecture on Overseas Coditions AT CHAUTAUQUA

Miss Honsinger will tell you the story of the women and children in the war. She is especially qualified by education, training and experience to make this a vivid portrayal.

During the war Miss Honsinger saw active service overseas, her special work being with the women and children. She has had exceptional opportunities for personal observation of conditions in the war torn lands.

She is just back from France where she visited Lyons, Tours, Brest, and Paris. Her splendid personality, her commanding presence, and her boundless enthusiasm make her a fascinating and convincing speaker. Hear her at Chautauqua.

The Good Will of an Army

The written and spoken word of American Army men, at home and abroad, has given the very name of Dodge Brothers Motor Car a new and a stirring significance.

THE VOLUNTEERS OF AMERICA
Under the Leadership if
GENERAL AND MRS. BALLINGTON BOOTH

Dodge Automobile Company,
Detroit, Michigan. May 12, 1919.
Gentlemen:

Several times while traveling through France and Germany I was inspired to exclaim, "I really must write to the Dodge Company, when I get home and tell them what I think of their car". Now, that I am home that intention has not weakened. I have spent the whole of this winter in France and Germany amid the mud and rain and shell torn roads of the battle front, and later over the steep mountains and through the narrow gorges between the Luxenberg and the Rhine.

General Pershing gave me for my use while I served the A. E. F. a Dodge car. With my little company of entertainers I was enabled to go to many of the boys in isolated spots who had no transportation to send for me and would have gone without entertainments had I not had my own car. We traveled hundreds of miles, some times over almost impassible roads. We scaled mountains, where at every minute we feared our little car might balk at further pressure. We never had a moment's trouble. I can say most emphatically that the Dodge gave splendid service and held out where we had found other cars disabled by the road side.

When my service with the Army was through and I had to return the car to them I felt as if I was parting with a personal friend and wished that it could run me down to Brest and be taken aboard the transport and sail for home with me.

From what I have heard from many sources I believe that others have had just as successful experiences with the Dodge at the front as we have had.

Believe me,
Very cordially yours,
(Signed) MAUD B. BOOTH.

U. S. BLIMP TO BEAT BRITISH

Giant Aircraft Building Race Finds America Leading Field

Plans for the construction of a dirigible of 3,000,000 cubic feet capacity and have been perfected by the Navy Department together with plans for the construction of a hangar with 10,000,000 cubic feet capacity to house the big ships, it became known yesterday.

There will undoubtedly be a race on between the United States, France and Great Britain in the construction of dirigibles. Assuming, experts say, 10,000,000 cubic feet to be the limit within the next five years, such a ship would be 1,100 feet long and 184 feet in diameter. Her length would be 200 feet more than that of the Leviathan.

The American 5,000,000 cubic feet ship will have a length of 900 feet and a diameter of 106 feet. The diameter of the R-34 is seventy-eight feet. She has a dimension of 2,000,000 cubic feet.

Naval experts pointed out that America must have ship for ship of the enormous dirigible type with any nation in the world, or she must provide some means not yet invented to cope with an attack by a hostile fleet of such giant aircraft.

The Navy Department proposes as an initial experiment to build a dirigible the size of the R-34. The British ship is said to be a duplicate of the famous German L-33, which was brought down at Little Wigbury, England, in 1916. The L-33 was the latest thing Germany possessed at that time The British experts studied their prize and the R-34 is the result. Over one thousand drawings and a large number of photographs of the L-33 have been loaned by the British government to the United States.

MOB KEEPS CARS IDLE

Cleveland, July 8.—Street car traffic was tied up here yesterday for the second time in eight months when approximately 2,600 motormen and conductors of the Cleveland Street Railway Company went on strike this morning to enforce their demands for a wage increase of 12 cents an hour.

Several attempts were made to start cars, but in most cases they were unsuccessful, owing to stoning and wire cutting by strikers of sympathizers.

SHOOTS GIRL AND ENDS LIFE

New York, July 8.—At the refusal of Josephine Carmen to accept a marriage proposal made while she lay in bed with her sister, Andrew Warshauna fired three bullets into he and then killed himself by jumping through a window from the third floor of 414 Broadway, Bayonne.

Miss Carmen is 18 and a bookkeeper.

Lime, Cement, Plaster

We are now fully equipped to supply the Alexandria and nearby trade with their needs along the lines of LIME, CEMENT and PLASTER.

We handle the well known "FAIRMONT" wall plaster, Hydrated Lime and Agricultural Lime, and "SECURITY" Cement.

In our new field, which we have entered in addition to our Coal and Wood business, we shall adhere strictly to those principles that have guided us for the past 34 years—the principles of Fair Prices, Honest Service and Absolute Satisfaction.

Your Patronage is Respectfully Solicited

RUN DOWN SYSTEM BUILT UP IN TWO WEEKS

CHASCO-VIN, An Old Formula Prescribed by Doctors, Even to This Day. Guaranteed to Do So or Money Refunded. A Real Spring Tonic That Brings the Old Pep Back.

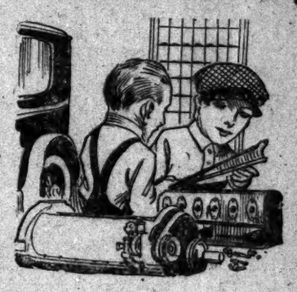
Thos who are weak and run down from sickness, overwork, worry or any other cause, can take nothing better than Chasco-Vin, an old compound prescribed by doctors more than anything else, consisting principally of Iron, Manganese, Hypophosphites, Nux-Vomica, Cinchona, Gentian and Native Wine.

It improves the appettte, increases the strength and vitality, often as much as 100 per cent and brings the old pep back. It has done this for thousands of others and will do the same for you.

To get the full benefit of Chasco-Vin, adults take a table-spoonful after each meal and at bedtime. Don't forget it. At this season of the year nearly everyone needs a good tonic

The local agent for Chasco-Vin is Edgar Warfield, jr., corner King and Pitt streets.

Those Cylinders



On your car—are they right! Are you getting the maximum power possible out of them? Are you earning the gas you use, or wasting a good part of it? Are the pistons working like a charm? Does it backfire? Does it miss fire? These are vital questions. Let us answer them for you.

KILLS MOTHER'S LAWYER

Chicago Girl Shoots Man She Says Deceived And Then Sought To Abandon Her

Chicago, July 8.—When Benjamin E. Burr, attorney here, took the case to secure a divorce for her mother he became friendly with Miss Margaret Seithamier, aged 17 years. Yesterday the girl shot and killed him.

With her half-sister, Mrs. Marie Herms, she waited for Burr in his downtown office, and when he appeared began firing at him with a pearl-handled revolver she had taken from Mrs. Herms' home.

One bullet went through his hand and another into his neck. He was rushed to a hospital, but died in a few minutes.

The girl waited calmly until the police arrived, handed an officer the revolver and went quietly to the station.

According to the girl's story, it was some months ago when her mother sought Burr's aid in securing a divorce and then her friendship with the lawyer began.

"One evening he asked me to go out with him," Margaret told the police. "We visited the cabarets and had several drinks and then went to his home. The next I remember was the following morning, when I awoke in a room with him."

Then followed other nights out and finally Burr's infatuation for the girl began to wane.

"A few days ago when I was in his office he pulled out his watch and showed me the picture of a blonde and told me he was going to marry her. It made me mad, and I decided to get even with him. I'm glad I killed him," said Margaret.

Miss Seithamier and her sister have been employed as maids in the New Jackson Hotel. Mrs. Herms told the police that she went to Burr's office yesterday morning to see him about securing a divorce from her husband, Henry, and that she did not know Margaret had the revolver.

PLOT TO WRECK ROME

Rome, July 8.—An anarchist plot to attack the central part of Rome by means of hand grenades and other explosives has been exposed by the arrest of 16 of the conspirators, four hours before the time fixed for carrying

About the same time 30 anarchists motored to Fort Pratalata, four miles from Rome, and tried to induce the garrison to join in an attack on the fired on the anarchists, and seized several of them. The others fled. The city remains tranquil.

Rome, July 8.—Quiet has been restored in Florence and several other cities where disorders have marked the food situation. The demonstrations against the high cost of living and against food profiteers, however, have occurred in Milan, Leghorn, Alessandria and Brescia.

London, July 8.—Practically all of Italy is in the throes of economic revolution yesterday. Poised on the verge of a political upheaval the nation is threatened with Bolshevism.

According to advices reaching official circles, disorder is spreading rapidly. Authorities here are gravely concerned over the effect the most recent conflagration in Europe's body politic will have on the dissatisfied people of Ceneral Europe. Private messages just received here indicate the situation is far more serious than so far reported.

The Bolshevik tendencies that have appeared in many places are especially alarming. In a number of Italian cities the populace has completely overthrown the existing municipal and state government, Soviets deal out confiscated food supplies and "commissaries," wearing red armbands, control and direct transportation.

For months the Government has been aware of the seriousness of the situation. Local authorities declare that the State officials have been notified and refused to heed the warning.

BODY TAKEN TO DOVER

Service for Captain Fryatt to be Held in St. Paul's London

London, July 8.—The body of Capt. Charles Fryatt, executed in 1916 by the Germans for attempting to ram a submarine, was brought to Dover today aboard a British destroyer escorted by vessels of the Dover patrol.

The casket, on a gun carriage, was drawn solemnly from the destroyer to the railway station accompanied by a naval escort and civil authorities. The casket was placed in the station under a military guard for the night. It will be taken by train today to London, where natonal memorial services will be held at St. Paul's Cathedral.

THEATRES

INGOMAR—"Sporting Life"

One of the strongest photoplays seen in this city in years is "Sporting Life" the first independent offering of Maurice Tourneur, the famour film director, which is being shown tonight at the Ingomar Theatre. It is a splendid picturization of a famous Drury Lane melodrama and there is not a dull moment throughout the action. The story is heart appealing and the players are of the best.

RICHMOND—"Words and Music by"

"You can live in a cage and be happy. Home to me, whether it be of grandeur or simplicity, has only one meaning—restraint." Thus did Millicent Lloyd, Queen of the Opera, announce herself to Brian McBride, composer, when he first declared his love. But Millicent changed her ideas, as you will see tonight at the Richmond Theatre when Albert Ray and Elinor Fair are shown in this theatre as the stars of the William Fox picture "Words and Music By."

DOUBLE BILL AT GRAND

The fascinating story of a man who goes straight to win a girl's love and who then braves a long prison term when he thinks it is necessary to hold the love of his bride, is told in "Hoarded Assets," the Vitagraph Blue Ribbon Feature, which will be seen in the Grand Theatre tonight.

The man is a river pirate and after stealing a million in gold he buries it in a river bed and tries to forget. The girl hears reports he was once a thief and to test him pretends she is unhappy because they have not great wealth. He goes to dig up the gold, is seized and the gold is found to have turned to sand.

Harry Morey has the leading role in this drama of mystery and millicnes and in the supporting cast are Betty Blythe, George Majeroni and Robert Caillard. Also Warren Kerrigan in "The Terror of the Mountain.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
